

# Master Groomer Behavior Specialist™

## Program Overview

The Master Groomer Behavior Specialist™ diploma is a formal course of study designed for professional groomers seeking deeper education in canine behavior, humane handling, and behavior-informed grooming practice. This program prepares learners to better understand fear, stress, escalation, and handling challenges within the grooming environment while supporting safer outcomes for pets, clients, and professionals. Through structured coursework, assignments, case study evaluation, module testing, and final assessment, this diploma reflects advanced professional education in canine behavior as it relates to grooming practice.
