

Delivering Excellence...

MQA Certified ISO 45001:2018 Lead Auditor

MASTERING THE AUDIT PROCESS OF OCCUPATIONAL HEALTH & SAFETY
MANAGEMENT SYSTEM (OHSMS) BASED ON ISO 45001:2018, IN COMPLIANCE
WITH THE REQUIREMENTS OF ISO 19011:2018

SUMMARY

The purpose of this five-days course is to provide delegates with the knowledge and skills required to perform first, second and third-party audits of Occupational Health and Safety Management Systems (OHSMS) against ISO 45001:2018 in accordance with ISO 19011:2018. This course will be delivered online or in-house with an experienced MQA Certified Instructor. This course enables delegates to plan and lead an ISO 45001:2018 audit effectively.

After the completion of training, a Certificate of Participation for 37 CPD (Continuing Professional Development) credits will be issued and after successfully completing the certification exam, a credential of MQA Certified ISO 45001:2018 Lead Auditor will be issued to the respective delegate in case fulfilling all needed criteria defined. In case of failure of the exam, delegates are allowed to retake the exam for free within 1 year.

- Managing an Audit Programme
- Competence and Evaluation of Auditors
- Audit Report Drafting and Follow-up
- Closing Meeting

Certification Exam

DAY 5

- Recap of Previous Sessions
- Practice Exam Paper
- Final Certification Exam

LEARNING OBJECTIVES

- ➔ Understand the purpose and operations of ISO 45001:2018.
- ➔ Understand how to interpret the requirements of ISO 45001:2018 in the context of an ISO 45001:2018 audit.
- ➔ Understand how to plan and lead an audit and audit team.
- ➔ Understand the Auditor's roles and responsibilities in accordance with ISO 19011:2018.
- ➔ Understand how to complete an effective audit using a structured and approved approach.
- ➔ Understand how to acquire the competencies of an auditor to draft audit reports, and follow-up on an audit in compliance with ISO 19011:2018.

EXAMINATION

The "MQA Certified ISO 45001:2018 Lead Auditor" exam fully meets the requirements of the respective accreditation board(s) and MQA Examination and Certification Programme. The examination covers the following competency domains:

Domain 1: ISO 45001:2018 (OHSMS) Fundamental Principles

Objective of this competency domain is to ensure that the ISO 45001:2018 Lead Auditor candidate can understand, interpret and illustrate the concepts related to a Occupational Health and Safety Management System (OHSMS).

Domain 2: Occupational Health and Safety Management System (OHSMS) Requirements

Objective of this competency domain is to ensure that the ISO 45001:2018 Lead Auditor candidate can understand, interpret and illustrate the main concepts and components of a Occupational Health and Safety Management System based on ISO 45001:2018.

Domain 3: Audit Planning Activities

Objective of this competency domain is to ensure that the ISO 45001:2018 Lead Auditor candidate can plan an audit and apply the main concepts and principles related to a OHSMS audit in the context of ISO 45001:2018.

Domain 4: Audit Execution Activities

Objective of this competency domain is to ensure that the ISO 45001:2018 Lead Auditor candidate can execute and handle a OHSMS audit appropriately in the context of ISO 45001:2018 and ISO 19011:2018.

Domain 5: Audit Closing Activities

Objective of this competency domain is to ensure that the ISO 45001:2018 Lead Auditor candidate can effectively close a OHSMS audit with the related stakeholders in context of ISO 45001:2018 and ISO 19011:2018.

Domain 6: Audit Reporting Activities

Objective of this competency domain is to ensure that the ISO 45001:2018 Lead Auditor candidate can report a OHSMS audit effectively and start the audit follow-up activities in context of ISO 45001:2018 and ISO 19011:2018.

Domain 7: Managing the ISO 45001:2018 Audit Program

Objective of this competency domain is to ensure that the ISO 45001:2018 Lead Auditor understands how to establish and manage the entire OHSMS audit program and smoothly deliver the results to related stakeholders.
