

SEEDS OF BRAVERY

Supporting the Ukrainian Tech Ecosystem

European
Innovation
Council

Funded by
the European Union

As the Seeds of Bravery (UASEEDs) project reaches its conclusion, we are delighted to present you with the certificate confirming your attainment of the **Seal of Excellence - Golden Status**.

This certificate serves as formal recognition of your high potential and the successful completion of your journey within the UASEEDs project. To help you navigate this achievement, we have outlined how this distinction can support your further growth and help you make the most of this recognition.

1. What is the UASEEDs Seal of Excellence?

The UASEEDs Seal of Excellence is a prestigious distinction awarded to innovators who demonstrate remarkable potential. While Bronze status was granted to participants meeting the initial evaluation criteria, the **Golden Status is reserved exclusively for beneficiaries who have successfully completed the UASEEDs project**.

The Seal of Excellence validates your high performance and acts as a gateway to further support and growth opportunities within the innovation ecosystem.

2. How Can You Use the Seal of Excellence Certificate?

The Seal of Excellence certificate is far more than a simple acknowledgment; it is a strategic tool designed to amplify your achievements and enhance your professional reputation. To fully leverage this distinction, we encourage you to:

- **Share your success on social media:** Platforms like LinkedIn offer the perfect environment for showcasing this recognition and attracting the attention of potential collaborators or investors. By using the hashtags #UASEEDs #SeedsOfBravery #UASEEDsBeneficiary #SeedsOfBraveryGrantee #SoB and mentions of [Seeds of Bravery](#) and [UASEEDs partners](#), you may ensure your profile gains additional reach through our Seeds of Bravery partner network.
- **Enhance your institutional credibility:** Use this status as a powerful endorsement to solidify your standing with partners, funders, and other key stakeholders in the innovation community.

Your journey doesn't end here – it's just the beginning.
